### Description

#### Hebi or The Snake

Those born in the year of the snake are basically born in 1917 and twelve year periods thereafter, like 1929, 1941 and so on. Snake people are deep thinkers and determined individuals who pursue their dreams and ambitions to the highest limits. They don't speak much, keeping their ideas and thoughts to themselves and hate to fail in their dreams and desires in life. Individuals with the snake zodiac possess tremendous mental strength and are able to obtain their financial rewards in life through continued persistence.

For people born in Jan. or Feb.:

Caveat: There is approximately a one-month disparity between the lunar and solar calendars, so one's Zodiac sign may differ from that shown above for people born in January or February. For example, say you were born on 19 Jan. 1987. Your sign is not the HARE (as shown above), but rather the TIGER. Why? Because the lunar year back then began on 9 Feb. 1986 and ended on 29 Jan. 1987. People born on Jan. 30
