Vol :

Type :

Speyside: Glenfiddich Solera Reserve

[Price](#) :

Remark :

Danish Remarks :

Personal taste:	CP	GI	MK	FS	FR	JH	Average	Some of the remarks
Package/Info	6	7	7	-	7	5		Nice, elegant, pipe dark brown - red/brown, but not that much info. In-print. Standard boring Shitcolor
Label	6	-	8	-	8	7		Really nice Glenfiddich label. Nice but a bit dark (boring). Nice. Nice Jugendalike. Decorative
Bottle	8	-	8	-	8	8	8,00	NICE NICE NICE. Triangular brown/green. Typical Glenfiddich. The characteristic Glenfiddich bottle. Beautiful decanter almost pharmaceutical color
Cork	4	5		-	4/5	5		Cork plastic. Plastic top Arrrrrhg.
Color	3	2	4	-	2	5		Weak weak weak almost transparent - clear. (Danish : Fesen) Clear and boring. Almost white - Matured in plastic cask ? - I should never have exchange whisky with Glenfiddich (HB). Pale.

Speyside: Glenfiddich Solera Reserve

Smell	3	2	2	-	3/4	3/4	A bit weak - but lovely sweet. None. Not much. Alcoholics would love this one. Boozing your eyes. Typical Glenfiddich.
Taste	7	6	8	-	6/7	7	Anonymous Really good - creamy and soft - light sweet - Very Soft. Cold light aperitif alike. Incredibly soft, Mild accessible. Mild very surprising according to the smell, not spirituous, a bit to mild an extra point because it's Glenfiddich - They have improved themselves.
Palate	6	6	6	-	2/3	7	Caramel, sweet without a touch of spirituous. Not long enough - but delicious sweet. Becomes deep but disappears - a starter. Missing something. Wh at/which/where ? - .
Price/Quality	7	7	7	-	-	7	A better Glenfiddich. Okay.

Speyside: Glenfiddich Solera Reserve

This is how you should taste and drink Glenfiddich Solera Reserve.. :-)

The Glenfiddich Solera Vat

AWA tastes a wee Solera.. (NOT... btw.. it's very much cask strength.)
