Description

What's in a Signature? Well, over the centuries the Jameson signature has been recognised as a stamp of authenticity and assured quality, and has played its part in building Jameson's worldwide reputation. Long before distilleries began bottling their own whiskey, Jameson insisted that their own labels, each bearing the John Jameson & Son signature, accompany every delivery of casks to the whiskey bonders. And so it was that the Jameson signature became synonymous with the characteristic taste and superb quality of Jameson.

Jameson Signature Reserve celebrates this fine tradition, with its high pot still content and a significant taste contribution from oloroso sherry casks. Aged in the best quality American bourbon barrels and Spanish oloroso sherry casks, this is a whiskey as sophisticated as it is well-balanced.

Available when you are on your travels in airport shopping outlets only, this Jameson family member is sure to become a favorite for people on the move.

TASTING CHARACTERISTICS

NOSE - Sweet, floral, light perfume notes are followed by underlying spice. Some nuttiness, apples and dried fruits.

TASTE - Initial impression is a mouth coating of heather honey sweetness. This is closely followed by the some smooth spicy notes. Additional complexity is added with cedar wood and vanilla notes from the American Oak. There is a touch of citrus and rich dried fruits.

FINISH - A long, warm, sweet finish.
